INSTRUCTIONS FOR WORK TYPE SECTION

1. **Pages 6-10:** Select Work Types for which your organization holds the competencies necessary to perform such work.
2. **Page 11:** A SEPARATE **Work Type Request & Reference Form** must be completed for **EACH** work type indicated on pages 6-10. **Do not request more than one work type on each form.** Work types for which the Minimum Skills Requirements for Work Types set out additional requirements beyond the general knowledge and experience will require more than one form to satisfy the requirement. Example: Level 1 Bridge requires the construction of a minimum of five structures of the appropriate type within the last eight years. Submit five Work Type Request Forms to properly document adequate knowledge and experience for Level 1 Bridge. Complete information must be provided in order for ODOT to accurately assign work types to your firm.
3. **Page 12:** List and attach resumes for all key construction personnel in the format shown. An applicant has an affirmative obligation to continuously notify ODOT if any construction personnel are no longer employed by the applicant and provide a resume for each new person who possesses the required experience.
4. **Page 13:** Attach a listing of owned equipment and/or leased equipment that relates to the work types for which you have applied.

Applicants requesting to become qualified with the Department to perform contract work, both prime and subcontract, in the amount not to exceed an aggregate of \$2,000,000 shall have a review performed on the applicant's financial statements. **The \$2,000,000 or less amount includes all uncompleted work for both Departmental and non-Departmental work inclusive of the bid amount.**

Report of Independent Accountant - Review of Financial Statements

Our report dated _____ on the review of the financial statements of _____ as of _____ and for the _____ then ended, is included with this Qualification Application. Our review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the basic financial statements in order for them to be in conformity with generally accepted accounting principles. The supplementary information reflected on pages 15 through 20 is presented for the purpose of this Qualification Application and is not a required part of the basic financial statements. Such supplementary information has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, and we are not aware of any material modifications that should be made thereto.

Audit of Financial Statements Pursuant to Administrative Rules Section 5501:2-3-02 (C):

Applicants requesting to become qualified with the Department to perform contract work, both prime and subcontract, in the amount greater than aggregate of \$2,000,000 shall have an audit performed on the applicant's financial statements. **The \$2,000,000 or more amount includes all uncompleted work for both Departmental and non-Departmental work inclusive of the bid amount.**

Report of Independent Accountant - Audit of Financial Statements

Our report dated _____ on the audit of the financial statements of _____ as of _____ and for the _____ then ended, is included with this Qualification Application. This audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information reflected on pages 15 through 20 is presented for the purpose of this Qualification Application and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

AFFIDAVIT

The Independent Accountant's report must be executed by an Independent Certified Public Accountant or by a Registered Public Accountant, if said Public Accountant qualifies under Section 4701.22 of the Ohio Revised Code. Section 4701.22 provides that the financial statements may be certified by a Public Accountant holding a valid registration issued in this state if the Accountant certified a financial statement submitted to the Department of Transportation by an applicant for the previous year, or furnishes evidence that the Accountant has received a passing score as a result of a written examination designed to determine competency, prescribed and administered by the Accountancy Board of Ohio. Qualified or modified opinions will be accepted at the discretion of the Director.

The undersigned hereby swears to the truth of the foregoing statements of the financial condition as of the date of assets and liabilities shown herein and further swears to the truth of the statements of the experience of the individual, limited liability company, co-partnership or corporation named herein, and that this statement is for the express purpose of inducing the Ohio Department of Transportation to qualify the undersigned for a contract; and that any depository, vendor or other agency named is hereby authorized to supply such party with any information, necessary to verify these statements.

NOTE: A co-partnership must give firm name and signature of all partners. A corporation must give full corporate name, signature of official and affix corporate seal.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number									

OR

Employer identification number									

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Sign Here	Signature of U.S. person ▶	Date ▶
------------------	----------------------------	--------

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments (after December 31, 2002). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules regarding partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line. Check the appropriate box for your filing status (sole proprietor, corporation, etc.), then check the box for "Other" and enter "LLC" in the space provided.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt From Backup Withholding

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
 2. The United States or any of its agencies or instrumentalities,
 3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
 4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
 5. An international organization or any of its agencies or instrumentalities.
- Other payees that may be exempt from backup withholding include:
6. A corporation,
 7. A foreign central bank of issue,
 8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
 9. A futures commission merchant registered with the Commodity Futures Trading Commission,
 10. A real estate investment trust,
 11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
 12. A common trust fund operated by a bank under section 584(a),
 13. A financial institution,
 14. A middleman known in the investment community as a nominee or custodian, or
 15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt recipients 1 through 7 ²

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees; and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.socialsecurity.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer ID Numbers under Related Topics. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Writing "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see *Exempt From Backup Withholding* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account ¹
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor ²
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee ¹
b. So-called trust account that is not a legal or valid trust under state law	The actual owner ¹
5. Sole proprietorship or single-owner LLC	The owner ³
For this type of account:	Give name and EIN of:
6. Sole proprietorship or single-owner LLC	The owner ³
7. A valid trust, estate, or pension trust	Legal entity ⁴
8. Corporate or LLC electing corporate status on Form 8832	The corporation
9. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
10. Partnership or multi-member LLC	The partnership
11. A broker or registered nominee	The broker or nominee
12. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name and you may also enter your business or "DBA" name on the second name line. You may use either your SSN or EIN (if you have one). If you are a sole proprietor, IRS encourages you to use your SSN.

⁴ List first and circle the name of the legal trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules regarding partnerships* on page 1.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

15) Sawing	39) Maintenance of Traffic
17) Rigid Pavement Replacement	40) Waterproofing
18) Pavement Rubblizing, Breaking, Pulverizing	41) Raised Pavement Markers
19) Structure Removal	42) Signing
23) Reinforcing Steel	45) Pavement Markings
24) Structural Steel Erection	46) Landscaping
25) Stud Welding	47) Mowing
27) Expansion & Contraction Joints, Joint Sealers, Bearing Devices	48) Trucking
28) Caissons/Drilled Shafts	50) Railroad Track Construction
	53) Piling

In addition to the general skills requirement, the experience cited by the contractor must be recent for the following work types:

2) Building Removal	44) Traffic Signals – Standard
3) Gas, Oil, Water Well Abandonments	51) Micro Tunneling
8) Temporary Soil Erosion and Sediment Control	52) Tunneling
26) Structural Steel Painting	54) Post-Tensioning Bridge Members
32) Heat Straightening	55) Fiber Optic Cable Installation, Splicing, Termination and Testing – Traffic Signal System
34) Earth Retaining Structures	56) Fiber Optic Cable Installation, Splicing, Termination and Testing – Intelligent Transportation System
43) Highway Lighting	

The following work types have additional requirements as shown:

4) Roadway Excavation and Embankment Construction

In addition to the general skills requirement the contractor must demonstrate experience in performing earth moving projects of over 10,000 c.y. (7646 cubic meters) of the total of excavation and embankment.

5) Major Roadway Excavation

In addition to the general skills requirement the contractor must demonstrate experience in performing earth/rock moving projects of over 750,000 c.y. (573,416 cubic meters) of excavation or projects of over 500,000 c.y. (383,278 cubic meters) of excavation that included a significant amount of rock excavation.

12) Rigid Paving

In addition to the general skills requirement the contractor must demonstrate recent experience in placing portland cement concrete pavements in quantities greater than 1,500 square yards per paving location with equipment using automatic line and grade control.

13) Pavement Planing, Milling, Scarification

In addition to the general skills requirement the contractor must demonstrate recent experience in performing this work using equipment with automatic grade control.

20) Level 1 Bridge

In addition to the general skills requirement the contractor must have constructed a minimum of 5 structures of the types listed for this category (no more than two may be retaining walls in excess of 8') within the last eight years.

21) Level 2 Bridge

In addition to the general skills requirement the contractor must have constructed a minimum of 3 structures of the types listed for this category (none shall be level 1 bridge types) within the past eight years or 5 structures of the following types within the past five years:

- Prestressed box beam bridges on capped pile substructures.
- Single span concrete slab.
- Continuous span concrete slab bridges on capped pile substructures.

22) Level 3 Bridge

In addition to the general skills requirement the contractor must demonstrate experience in having constructed at least one structure of the type listed for this category (not a level 1 or level 2 bridge type) or at least 3 multispan rolled beam, plate girder, or concrete beam (not prestressed box beams) bridges that are at least 500 feet (152.4 meters) in length or at least 50 feet (15.2 meters) in height within the past ten years.

26) Structural Steel Painting

Experience. In addition to the general skills requirement, the Contractor must demonstrate successful experience and substantial compliance with all contract requirements on at least three (3) structures within the last five (5) years. The experience on the structures must involve solvent cleaning, debris removal, grinding of flange edges, complete removal of paint by abrasive blasting on a steel structure to a near white condition, removal of fins, tears, and slivers, containment and disposal of solid waste (including hazardous waste), application of multiple coats of a solvent based coating system within specified limits, and caulking. Provide sufficient documentation from the owner that the structures were completed in accordance with the contract requirements.

Failure to satisfactorily perform prior ODOT work in accordance with contract requirements shall be sufficient grounds for the Director to deny the request for a certificate of qualification in accordance with the Ohio Revised Code-Section 5525.03.

Training. All principals within the Contractor's organization must complete a Bridge Painting pre-qualification course once every four (4) years. Principals are defined as owners, officers and key personnel. In addition, the Contractor's superintendent assigned to supervise the Contractor's structural steel painting on a project must complete the Bridge Painting pre-qualification course within not more than four (4) years prior to working on the project.

The Bridge Painting pre-qualification course will be offered twice a year through the Department's Office of Construction Administration. Each individual who successfully completes the training course will receive a course certificate. A copy of the certificate of training must be furnished with the application for qualification for each principal as defined above. Also, a copy of the certificate of training for the superintendent must be furnished before the Contractor will be permitted to commence structural steel painting activities on a project.

Prior to the commencement of bridge painting activities, the Contractor's field supervision personnel and quality control specialist must be trained by a National Association of Corrosion engineers certified coating inspector or by a Society for protective Coatings protective coating specialist as specified in the contract documents.

31) Structural Steel Repairs

In addition to the general skills requirement the contractor must demonstrate past history of the ability to design or provide designs for temporary support systems and ability to install temporary support systems.

33) Tieback Installation

In addition to the general skills requirement the contractor must provide evidence of preparing or providing designs for tieback bond zones and conducting various performance tests.

49) Herbicidal Spraying

In addition to the general skills requirement the contractor must be a licensed applicator by the Department of Agriculture.

54) Post-Tensioning Bridge Members

In addition to the general skills requirement the contractor must demonstrate satisfactory successful experience in performing post-tensioning operations for bridge members on at least four previous bridge projects within the last ten years. These bridges must have been over 250 ft. total length and have multi-strand bonded (grouted in duct) tendons. The contractor must furnish an experienced grouting supervisor on the site during all grouting operations. The contractor's grouting supervisor must have supervisory experience grouting post-tensioning ducts on at least four bridge projects as described above and hold a current American Segmental Bridge Institute (ASBI) Certified Grouting Technician certificate.

55) Fiber Optic Cable Installation, Splicing, Termination and Testing – Traffic Signal System

In addition to the general skills requirement, the Contractor must demonstrate successful experience in the splicing of at least 200 single-mode and/or multimode fiber.

The Contractor must furnish a Supervising Fiber Optic Technician (SFOT) who has successfully completed a comprehensive training course for inside or outside plant installation, splicing, termination, and performance testing of single mode and multimode fiber optic cable. The course must be a minimum of 32 hours total of instruction of which a minimum of 16 hours must be hands-on instruction. The Contractor must demonstrate that the course curriculum included, at a minimum, the following topics:

- Fiber optic theory and principles
- Fiber types
- Cable types
- Panels and enclosures
- Design
- Safety
- Inside and outside plant installation
- Cable preparation
- Connectors and connectorization
- Splicing and terminations
- OTDR and test equipment theory, setup, measurement, and documentation
- Restoration and repair

In addition, the SFOT must have a minimum of one (1) year of work experience in the installation, splicing, and termination of fiber optic cable and in the testing of fiber optic cable using an optical time domain reflectometer (OTDR) and a power meter as primary job responsibilities.

The Contractor's installers performing any type of fiber optic work shall have successfully completed a minimum 16 hours total of instruction of which a minimum

of 8 hours must be hands-on instruction. The Contractor must demonstrate that the course curriculum included, at a minimum, the following topics:

- Fiber optic theory and principles
- Fiber types
- Cable types
- Safety
- Cable preparation
- Connectors and connectorization
- Splicing and terminations
- ODTR operation
- Restoration and repair

Detailed course curricula showing topics, total hours of instruction and hours of hands-on instruction along with a copy of a certificate of completion of the courses must be submitted for evaluation purposes.

56) Fiber Optic Cable Installation, Splicing, Termination and Testing – Intelligent Transportation System

In addition to the general skills requirement and the minimum skill requirements for Work Type 55 – Fiber Optic Cable Installation, Splicing, Termination and Testing – Traffic Signal System, the Contractor must demonstrate successful experience in performing each of the following:

1. a minimum of one thousand (1,000) splices of single mode and/or multimode fiber;
2. a minimum of two hundred (200) terminations of single mode and/or multimode fiber;
3. a minimum of five (5) miles in length of installation of outside plant fiber optic cable including at least one (1) contiguous segment at least one (1) mile in length.

The Ohio Department of Transportation would like to inform all contractors, subcontractors, bonding agents and future customers of the Division of Finance, Office of Accounting's new "Web Access to CMS" web page.

As of July 1st, 2001, all customers will have the ability to:

- ✓ View bond information of a project
- ✓ View reference number information by project number
- ✓ View past, present and pending payment information by project number or Tax ID number
- ✓ View and print past, present and pending estimates

Since all customers will be able to print copies of the construction estimates from the web page, as of September 1, 2001, the Office of Accounting will no longer mail a copy of the estimate with the warrant.

HOW TO ACCESS THE CMS INFORMATION

The following are the instructions on how to access the web page:

1. Type in the web site address which is www.dot.state.oh.us
2. Click on Financial at the very top of the page.
3. Click on the hyperlink that says Construction Project/Payments/Bond Inquiry under Payment Information. Please note that in the future this link will be moved to the bottom of the page.
4. Type in the user name and password. The **user name is fin.user** and the **password is general**. Everyone will be using the same user name and password.
5. On the left side of the page type in a project number under project search or a Tax ID number under vendor search. Then click go.
6. Click on the Finance Info hyperlink at the top of the page.
7. Click on the desired hyperlink to view the information. Please notice the dropdown box by the Estimate Report hyperlink to view a specific estimate.
