

Ohio 2004 Road Construction Interstate, U.S. Route, State Route

Map on page 4

1 U.S. Route 23 Wyandot County
Resurfacing and bridge repair project near Upper Sandusky from south of State Route 182 to south of County Rd. 47 will reduce traffic to one lane through the work zone.
Start: May 2004/Complete: September 2004

2 U.S. Route 30 Wyandot County
Resurfacing west of Upper Sandusky southwest of the U.S. Route 23 interchange will reduce traffic to one lane through the work zone.
Start: May 2004/Complete: September 2004

3 Interstate 75 Allen County
Resurfacing from the Auglaize County line to just north of State Route 81 east of Lima will reduce traffic to one lane through the work zone. Lane closures will take place during off-peak times.
Start: May 2004/Complete: August 2004

4 Interstate 75 Hancock County
Bridge replacement on Sandusky St. over Interstate 75 in the city of Findlay will require lane width restrictions and lane closures on I-75 during certain phases of the project. Traffic on I-75 and on U.S. Route 68/State Route 15 east of the I-75 interchange will be stopped for short periods during bridge beam erection. Stoppages and restrictions will occur between midnight and 6 a.m.
Start: April 2004/Complete: October 2004

District 2

5 Interstate 75 Wood County
Interstate 75/State Route 18 interchange reconstruction just north of the Wood/Hancock County line will cause lane closures and some delays between 7 p.m. and 6 a.m.
Start: March 2004/Complete: October 2004

6 Interstate 75 Wood County
Resurfacing between the Maumee River and U.S. Route 20 near Perrysburg. Motorists on I-75 may encounter lane closures during off-peak times between 8 p.m. and 6 a.m.
Start: May 2004/Complete: August 2004

7 Interstate 75 Lucas County
Collingwood Blvd. bridge replacement over Interstate 75. Motorists on I-75 may encounter lane closures during off-peak times between the hours of 8 p.m. and 6 a.m.
Start: April 2004/Complete: August 2004

8 Interstate 280 Lucas County
Construction occurring between Interstate 75/Interstate 280 interchange in north Toledo and S R 2 (Navarre Ave.) in east Toledo. Motorist may encounter short daytime traffic stops and delays. Lane closures will occur during off-peak times.
Start: March 2002/Complete: October 2005

9 Interstate 475 Lucas County
Bridge replacement on Holland Sylvania Rd. over Interstate 475, just east of the Interstate 475/U.S. Route 23 interchange. Motorists on I-475 may encounter lane closures between 9 p.m. and 6 a.m.
Start: April 2004/Complete: August 2004

District 3

10 State Route 18 Medina County
Reconstruction from Windfall to the Summit County line. Traffic to local residences and businesses will be maintained throughout the project.
Start: October 2004/Complete: October 2006

11 State Route 18 at I-71 Interchange Medina County
Widening and reconstruction of the Northbound and Southbound exit ramps at State Route 18.
Start: February 2004/Complete: October 2004

12 U.S. Route 30 Crawford County
New route construction between Bucyrus (Crawford County) and Ontario (Richland County). Permanent closures this season for cul-de-sacs to be built include Olentangy Rd. (TR-86), Beck Rd. (TR-20), Knorr Rd. (TR-91), and Galion-Airport Rd. Parcher Rd. (TR-43) will be realigned and reconfigured to form Parcher Rd. North and Parcher Rd. South.
Start: March 2004/ Complete: November 2004

13 U.S. Route 30 Richland County
Bridge rehabilitation and widening project over State Route 13.
Start: March 2004/Complete: August 2005

14 U.S. Route 30 Wayne County
Resurfacing from just east of the Ashland County line to the western city limits of Wooster.
Start: April 2004/Complete: August 2004

15 U.S. Route 30 Wayne County
Resurfacing from Wooster's western city limits to State Route 3, including pavement and drainage improvements.
Start: March 2004/Complete: August 2005

16 U.S. Route 30 Wayne County
New route construction from Wooster's eastern city limits to Kansas Ave.
Start: April 2004/Complete: September 2005

17 Interstate 71 Ashland County
Widening from the Richland/Ashland County line to U.S. Route 250.
Start: May 2004/Complete: June 2004

18 Interstate 71 Richland County
Widening from Mansfield-Lucas Rd. to the Ashland County Line. Project includes interchange improvements at U.S. Route 30 and State Route 39.
Start: May 2004/Complete: June 2004

19 Interstate 71 Richland County
Widening from the Mansfield-Lucas Rd. to State Route 97.
Start: February 2004/Complete: August 2006

District 4

20 State Route 8 Summit County
Reconstruction from north of the Central Interchange to the north expressway viaduct (just north of Perkins St.). One lane of traffic in each direction will occur during non-peak hours. Extensive ramp closures will occur during this project.
Start: January 2003/Complete: May 2005

21 Interstate 76 Mahoning County
Reconstruction of Interstate 76 and widening of the Bailey Rd. interchange ramps to accommodate a left turn lane. Rehabilitation of the bridges on I-76 at Newton Falls Rd., Duck Creek Rd. and Grandview Dr. in Milton and Jackson Townships. A minimum of one lane of traffic will be maintained in each direction at all times on I-76; ramps will be closed for 90 days beginning in May. A detour will be provided.
Start: March 2004/Complete: August 2005

22 Interstate 76 Portage County
Bridge rehabilitation from just west of County Rd. 18 eight miles east. A minimum of one lane of traffic will be maintained in each direction during non-peak hours.
Start: April 2002/Complete: August 2004

23 Interstate 76 Portage County
Bridge rehabilitation from just west of New Milford Rd. to east of State Route 14. A minimum of one lane of traffic will be maintained in each direction using median crossovers.
Start: March 2004/Complete: October 2005

24 Interstate 76/Interstate 77 Summit County
Resurfacing and culvert upgrades on Interstate 77 in the city of Akron and on I-76 in the city of Norton. Traffic will be maintained with various lane restrictions during off-peak hours.
Start: September 2003/Complete: August 2004

25 Interstate 77 Stark County
Widening from four to six lanes from U.S. Route 30 to West Tuscarawas St. in the city of Canton. The majority of this project will maintain two lanes of traffic in each direction using median crossovers. One lane of traffic in each direction will occur periodically at night. Dueber Ave. is closed until fall 2004. Some ramp closures are anticipated.
Start: August 2003/Complete: August 2005

26 Interstate 77 Stark County
Widening from four to six lanes from Orchard Park Rd. to Whipple Ave. in the city of Canton and Plain Township. Two lanes of one lane of traffic will be maintained in each direction. Various one-lane restrictions will occur periodically in each direction at night for limited periods of time. Limited short-term ramp closures are anticipated.
Start: November 2002/Complete: September 2004

27 Interstate 77 Stark County
Mine investigation and repair from Fohl Rd. to Brinker Avenue in Bethlehem Township. Various lane and shoulder restrictions may occur.
Start: April 2004/Complete: September 2004

28 Interstate 77 Stark County
Interchange project at Shuffel Rd. between Frank St. and Pittsburgh. One lane of traffic will be maintained in each direction at all times during the day hours. Various one-lane restrictions will occur in each direction periodically at night hours for limited periods of time.
Start: June 2004/Complete: October 2005

29 Interstate 77 Summit County
Resurfacing from the southern corporation limit of the city of Richfield to the Cuyahoga County line. Traffic will be maintained with the use of lane restrictions during off-peak hours.
Start: October 2004/Complete: September 2005

30 Interstate 80/State Route-46 Mahoning County
Resurfacing and widening of State Route 46 to five lanes in Austintown Township. Relocation of Interstate 80 westbound entrance/exit ramps and straightening of the I-80 westbound exit ramp. Reconstruction of the bridge on State Route 46 over I-80. A minimum of one lane of traffic will be maintained in each direction at all times on State Route 46 with short-term lane and shoulder closures on I-80 during bridge and ramp work.
Start: March 2004/Complete: July 2005

31 Interstate 90 Ashtabula County
Reconstruction from the Lake County line east to Harpersfield Township. A minimum of one lane of traffic will be maintained in each direction at all times.
Start: March 2003/Complete: September 2004

32 Interstate 90 Ashtabula County
Resurfacing from South Ridge Rd. to the Pennsylvania state line and from Penn Central Railroad to Wright Rd. in the city of Conneaut. A minimum of one lane of traffic will be maintained in each direction at all times.
Start: March 2004/Complete: August 2004

33 Interstate 271 Summit County
Complete replacement of the twin bridges over the Cuyahoga Valley National Park in Boston Township. A minimum of one lane of traffic will be maintained in each direction at all times.
Start: September 2004/Complete: Fall 2008

34 Interstate 680 Mahoning County
Replacement of five bridges on Interstate 680 (under Thalia Avenue, Gibson St., Indianola Ave., Shirley Ave., and Walker-Mill Rd.) in the city of Youngstown. A minimum of one lane of traffic will be maintained in each direction at all times.
Start: April 2004/Complete: October 2005

District 5

35 State Route 668 over I-70 Licking County
Bridge replacement - one-lane closures will occur in both directions between 7 p.m. and 6 a.m. No lane restrictions during Labor Day weekend.
Start: August 2004/Complete: September 2004

District 5

35 State Route 668 over I-70 Licking County
Bridge replacement - one-lane closures will occur in both directions between 7 p.m. and 6 a.m. No lane restrictions during Labor Day weekend.
Start: August 2004/Complete: September 2004

36 U.S. Route 33 Fairfield County
Lancaster Bypass work. Traffic will be reduced to one lane in each direction between Brookdale and Blue Valley roads.
Start: May 2004/Complete: August 2004

37 U.S. Route 33 Fairfield County
Lancaster Bypass work. Traffic will be reduced to one lane in each direction between Tarkiln and Horns Mill roads.
Start: September 2004/Complete: November 2004

38 Interstate 70 Fairfield County
Pavement repair in the westbound lanes between Palmer Rd. and State Route 256. One-lane closures will occur between 8 p.m. and 6 a.m. No lane restrictions during Memorial Day and Independence Day weekends.
Start: April 2004/Complete: July 2004

39 Interstate 70 Guernsey County
Resurfacing between State Route 723 and Interstate 77. One-lane closures will occur between 7:30 p.m. and 5:30 a.m. No lane restrictions during Memorial Day weekend.
Start: May 2004/Complete: June 2004

40 Interstate 70 Licking County
Resurfacing between State Route 79 and State Route 668 both directions. One-lane closures will occur between 8 p.m. and 6 a.m. No lane restrictions during Memorial Day and Independence Day weekends.

Start: April 2004/Complete: July 2004

41 Interstate 70 Muskingum County
Resurfacing from Gratiot to a point five miles east. One-lane closures will occur in both directions between 8 p.m. and 5:30 a.m. No lane restrictions during Labor Day weekend.
Start: August 2004/Complete: September 2004

42 Interstate 77 Guernsey County
Bridge rehabilitation in southbound lanes at the Interstate 77/Interstate 70 interchange. One lane of traffic maintained. Various ramp closures will occur with local detours implemented as needed. Intermittent lane closures in the east and west I-70 lanes at this location between 8 p.m. and 5:30 a.m. No lane restrictions during Labor Day weekend.
Start: July 2004/Complete: October 2004

District 6

43 State Route 315 Delaware County
Replacement of bridge over Bartholomew Run, located one-half mile south of State Route 750. A 10-day closure will occur sometime between June 15 and August 15. Traffic will be detoured around the closure.
Start: June 2004/Complete: August 2004

44 U.S. Route 36 Delaware County
Repair of bridge over Alum Creek just west of I-71. Traffic will be reduced to one lane in each direction.
Start: August 2004/Complete: October 2005

45 U.S. Route 23 Pickaway County
Railroad bridge removal just south of the Franklin County line. Traffic will be maintained. A short-term closure will take place for demolition.
Start: June 2004/Complete: October 2004

46 U.S. Route 23 Pickaway County
Replacement of 12 bridge decks located between State Route 361 and Court St. Traffic will be maintained.
Start: May 2004/Complete: October 2004

47 Interstate 270/State Route 161/Sunbury Road Franklin County
Major reconstruction of State Route 161 interchanges at Interstate 270 and Sunbury Rd. on the northeast side of Columbus. Maintaining three lanes in each direction on I-270, two lanes in each direction on State Route 161. There will be additional lane closures during off-peak, night and weekend hours. Periodic ramp closures.
Start: May 2004/Complete: November 2007

48 Interstate 270 Franklin County
Reconstruction on the south side of Columbus from Interstate 71 to just west of U.S. Route 62. Interstate 270/U.S. 62 ramp closures range from 45 to 60 days. Two lanes will be maintained in each direction on I-270 during peak hours using temporary pavement.
Start: April 2004/Complete: November 2005

49 Interstate 71 Fayette County
Widening from the Fayette/Greene county line to the village of Jeffersonville. Work is taking place in the northbound lanes through the end of May. Traffic in the southbound lanes will not be effected until June 2004. An 11-foot lane-width restriction is in effect. The northbound rest area is closed for improvement through spring 2004.
Start: April 2003/Complete: October, 2004

50 Interstate 70 Madison County
Major rehabilitation and widening from U.S. Route 42 to State Route 54 in Clark County. Project will also include rest area improvement. Traffic will be maintained.
Start: July 2004/Complete: October 2006

51 Interstate 70 Madison County
Repair of three bridges over Interstate 70 at Jones, Middle Pike and Taylor Blair roads. Each bridge will close for 30 days. Traffic will be detoured.
Start: June 2004/Complete: October 2004

District 7

52 State Route 4 Clark County
Resurfacing from Interstate 70/State Route 4 interchange to the intersection of SR 4/Dartmouth St. (just west of SR 4 / U.S. Route 68 interchange) Northbound SR 4 will close when work begins. Detour route: I-70 east to U.S. Route 68 north to SR 4.
Start: Spring 2004/Complete: Fall 2004

53 State Route 4 Montgomery County
Resurfacing and bridge replacement from Interstate 75 to south of Harshman Rd. Two lanes will be open southbound between 6 a.m. and 9 a.m. Two lanes will be open northbound from 2:30 p.m. to 6 p.m.
Start: Spring 2004/Complete: Fall 2004

54 Interstate 70 /Interstate 75 Montgomery County
Reconstruction of various interchange ramps and bridges both on Interstate 70 and Interstate 75. Lane restrictions may occur between 11 p.m. and 5 a.m.
Start: March 2003/Complete: Fall 2006

55 Interstate 75 Montgomery County
Construction of a new interchange 1.5 miles south of Interstate 70. Three lanes of traffic maintained during peak travel times. Lane restrictions may occur between 11 p.m. and 5 a.m.
Start: Spring 2002/Complete: March 2005

56 Interstate 75 Shelby County
Replacement of two bridges over the Great Miami River. Overnight and off-peak hour lane closures.
Start: March 2003/Complete: Fall 2004

District 8

57 Interstate 75 Butler/Hamilton County
Widening project between Interstate 275 and Tylersville Rd. Three lanes will be maintained in each direction except under the I-275 interchange where two lanes are being maintained. The ramp from I-275 eastbound to I-75 southbound is reduced from two lanes to one lane.
Start: March 2003/Complete: June 2005

58 Interstate 275 Clermont County
Widening between State Route 50 and Beechmont Ave. Nightly lane closures from 9 p.m. to 6 a.m.
Start: June 2002/Complete: June 2004

59 Interstate 275 Hamilton County
Widening between State Route 42 and Montgomery Rd. Nightly lane closures on I-275 from 9 p.m. to 5:30 a.m.
Start: March 2002/Complete: September 2004

District 9

60 U.S. Route 23 Scioto County
Replacement of the U.S. Grant Bridge at Portsmouth. The bridge is closed to all traffic, and motorists are being detoured via U.S. Route 52 and the Carl Perkins Bridge, just west of Portsmouth.
Start: July 2001/Complete: 2005

61 U.S. Route 35/U.S. Route 23 Ross County
Resurfacing of U.S. Routes 35 and 23 at the Chillicothe Bypass. Traffic will be maintained in a minimum of one lane in each direction throughout construction.
Start: June 2004/Complete: October 2004

District 10

62 Interstate 77 Noble County
Repair of two bridges just north of the State Route 821 underpass. Projects will reduce traffic to one lane through the work zone.
Start: May 2004/Complete: August 2004

District 11

63 I-70 Belmont County
Repair of County Road 56 bridge over Interstate 70 west of St. Clairsville. Interstate traffic will be maintained, but some lane closures are expected.
Start: May 2004/Complete: Mid-September 2004

64 Interstate 77 Tuscarawas County
Interchange reconstruction at Strasburg, including work on the northbound entrance and exit ramps to Interstate 77 as well as U.S. Route 250 and County Road 74 (Columbia Rd.). Both northbound ramps and CR 74 will be closed for minimal amounts of time during portions of construction. Traffic will be maintained, but delays are likely.

Start: May 2004/Complete: October 2004

65 Interstate 77 Tuscarawas County
Resurfacing from U.S. Route 250 at the New Philadelphia Interchange to County Road 80 near Dover. Traffic will be maintained. Most work will be performed at night.
Start: May 2004/Complete: Mid-September 2004

66 Interstate 77 Tuscarawas County
Resurfacing between the Stonecreek and Newcomerstown exits. Some daytime lane restrictions are expected.
Start: March 2003/Complete: June 2004

District 12

67 Interstate 77 Cuyahoga County
Two bridges, on Fleet Rd. and Grant Ave. over Interstate 77 will be replaced. Work will not impact noncommercial traffic, but trucks will not be permitted to access the bridges during reconstruction.
Start: April 2004/Complete: July 2005

68 Interstate 77 Cuyahoga County
Four railroad bridges will be replaced along Interstate 77 requiring short-term weekend closures of the roadway.
Start: Spring 2004/Completion: July 2005

69 Interstate 77 Cuyahoga County
Repair the slope surrounding the Interstate 77 northbound to Interstate 480 westbound ramp will require temporary lane closures along the ramp.
Start: June 2004/Complete: October 2004

70 Interstate 90 Cuyahoga County
Noise walls will be installed along Interstate 90 from Clague Rd. to the Bay Village city line. The work will require shoulder and right lane closures during off-peak hours when crews move equipment. The majority of all work will be completed without impact to traffic.
Start: July 2004/Complete: November 2004

71 Interstate 90 Cuyahoga County
Replacement of several bridge decks along the Cleveland Electrical Illuminating (CEI) corridor at E. 72nd St. and Martin Luther King Jr. Dr. Motorists will be detoured during the different phases of construction and all detours will be posted.
Start: Spring 2004/Complete: Fall 2005

72 Interstate 480 Cuyahoga County
Resurfacing from Cuyahoga County's western county line to the Rocky River Valley. At least one lane will be maintained, with short-term closures during off-peak hours and intermittent ramp closures during weekends.
Start: Spring 2004/Complete: September 2004

73 Interstate 480 Cuyahoga County
Ramp resurfacing from Grayton Rd. to W. 130th St. All work will take place during off-peak hours and ramps will be closed throughout the summer with posted detours.
Start: Spring 2004/Complete: Fall 2004
