DBE and EDGE Vendors Lists

Although the Department's consultant prequalification system includes DBE and EDGE status, these lists do not include firms that provide services that do not require prequalification, and real estate acquisition firms are not included as prequalification is based on individuals and not firms. Information concerning such firms is available through the Department's DBE Services webpage, and the Department of Administrative Services website (EDGE). In order to provide easy access to this information, we have provided links to each site below.

Also please note that the DBE Services listing of firms includes North American Industry Classification System (NAICS) codes. In order for services to count towards meeting a DBE goal, DBE firms must provide services that fall within their approved NAICS codes.
