

ODOT Research Contacts

PROGRAM OFFICE (Research-related areas of responsibility)	TELEPHONE Fax Number
<u>Aerial Engineering</u> (photogrammetry, surveying, and GPS)	<u>614-275-1358</u> 614-275-1673
<u>Aviation</u> (airport maintenance, design, and administration)	<u>614-793-5040</u> 614-793-8972
<u>Construction Administration</u> (construction project monitoring, specifications, and administration)	<u>614-466-4788</u> 614-644-7175
<u>Environmental Services</u> (hazardous waste, ecology, water quality, noise, and socioeconomic impacts)	<u>614-466-7100</u> 614-728-7368
<u>Facilities and Equipment</u> (architecture, building maintenance, fleet issues, fuel, and purchasing)	<u>614-752-5183</u> 614-752-0108
<u>Geotechnical Engineering</u> (soils, soil testing, and geotechnical design)	<u>614-275-1318</u> 614-275-1354
<u>Local Technical Assistance Program (LTAP)</u> (technology transfer to local public agencies)	<u>614-387-7359</u> 614-466-2120
<u>Maintenance Administration</u> (specifications, maintenance, oversize loads, permits, and security)	<u>614-466-3264</u> 614-728-5590
<u>Major Program Coordinators</u> (congestion, mobility, ITS, railroads, aesthetics, and safety)	<u>614-466-8990</u> 614-466-1768
<u>Materials Management</u> (general materials testing, asphalt and concrete mix design)	<u>614-275-1300</u> 614-275-1354
<u>Pavement Engineering</u> (pavement design, pavement management, Ohio Test Road, & deflection testing)	<u>614-995-5990</u> 614-995-5998
<u>Urban & Corridor Planning</u> (planning, modeling, access management, and functional classification)	<u>614-466-2307</u> 614-729-9358
<u>Research and Development</u> (research program administration, and technology transfer)	<u>614-644-8135</u> 614-995-7047
<u>Roadway Engineering</u> (roadside safety, geometric design, and highway capacity)	<u>614-995-2263</u> 614-752-9358
<u>Structural Engineering</u> (roadway hydraulics, structures, bridge maintenance & inventory)	<u>614-752-9963</u> 614-752-4824
<u>Systems Analysis Planning</u> (district multi-year work plans, asset management, and crash data analysis)	<u>614-466-8993</u> 614-728-9358
<u>Technical Services</u> (GIS, GPS, traffic counting, inventory, demand modeling, and forecasting)	<u>614-466-4225</u> 614-752-8646
<u>Traffic Engineering</u> (traffic signals, signs, lighting, delineation, work zones, and safety)	<u>614-466-3601</u> 614-644-8199
<u>Transit</u> (bus, rail, ports, bikeways)	<u>614-466-8955</u> 614-466-0822
